

FAQs

1. Are there any eligibility criteria or prerequisites to participate?

Answer: There isn't any specific eligibility criteria. Participants who aim to push boundaries and help find solutions in banking industry are welcome to participate.

2. What should participants bring for the event?

Answer: Participants should come prepared with their own laptops and any necessary devices or tools they require to fully participate in the Fin-A-thon.

3. Can I participate individually or do I need to form a team?

Answer: Participants should form teams consisting of a minimum of 3 to 5 people to participate in the Fin-A-thon. Individual participation is not allowed.

4. Do I need to have professional technical qualifications to participate?

Answer: No, you do not need to have professional technical qualifications to participate. We welcome participants from diverse backgrounds and skill levels. Your passion for innovation and problem-solving is what matters most.

5. What programming languages are preferred in the Fin-A-thon?

Answer: The preferred programming languages may vary based on the challenges presented in the Fin-A-thon. We recommend participants to have proficiency in languages commonly used for web and software development, such as Python, JavaScript, Java or C++. Knowledge of Nodejs, swift, kotlin and go can be added advantage. Additionally, it's valuable to be familiar with languages and tools commonly used, such as database management.

6. How do I register for the Fin-A-thon?

Answer: Registration details and instructions can be found on the official Fin-A-thon website. Typically, you will need to fill out our registration form and follow the provided guidelines.

7. What are the prizes and rewards for winners?

Answer: Details about prizes and rewards, including cash prizes, mentorship opportunities, or other incentives, will be provided on the Fin-A-thon's official website or during the event's opening remarks.

8. What is the schedule and duration of the Fin-A-thon?

Answer: The schedule and duration of the Fin-A-thon, including start and end times, workshops, and judging sessions, will be outlined on the official website or communicated to participants before the event.

9. Can I change or update my team members after registration?

Answer: No, there is a deadline for team changes specified during registration. Beyond that deadline, team compositions may be locked. Check the official website for terms and conditions or contact the organizers for specific rules regarding team changes.

10. Are there any specific rules or guidelines for project submissions?

Answer: Yes, there are usually rules and guidelines for project submissions, including submission deadlines, format requirements, and any specific criteria that your project should meet. These details will be provided on the official website or during the event.

11. How can I get support or ask questions during the Fin-A-thon?

Answer: You can reach out to us through designated communication channels, such as email, chat platforms, or in-person assistance during the Fin-A-thon. Contact information and support channels will be provided before and during the event.

12. Can I use pre-existing code or projects for the Fin-A-thon?

Answer: No, check terms and conditions for further information.

13. Is there a registration fee to participate in the Fin-A-thon?

Answer: No.

14. Can I participate remotely, or is physical attendance required?

Answer: First round of the Fin-A-thon will be online, however for the final round it is required to be physically present.

15. How can I network and collaborate with other participants during the Fin-A-thon?

Answer: Fin-A-thons often provide networking opportunities, team-building activities, and collaboration platforms to connect with other participants. Information on how to network and collaborate will be shared during the event.
